

PRODUCT DATA SHEET

Exterior Trim Repair Kit III / ETRIII

VOC compliant

Features: A four product kit that allows for virtually permanent repairs of black and gray trim items that have been damaged by aging, exposure to solvents, splatter from sealant wax or polish, and paint over spray. Packaged in a convenient vinyl carry case.

Benefits: Repair without time consuming masking and painting. Outlasts “shoe polish” competitive products, will last at least three years in average use! Not paint, not polish, but an acrylic latex emulsion approved by several auto manufacturers. Great detail upsell!

Uses: Mirrors, moldings, door handles, bumpers, air dams, wiper arms, etc. For the new car dealer, repair damage that may have taken place during the prep process. On used vehicles use to repair inexpensively and quickly faded trim items. In the body shop use for matching parts and to correct paint over spray. Detailers, up sell to an **E.T.R.** repair for added profits!

Directions: See **E.T.R. II** flyer for complete instructions. Three simple steps, Clean, Re-color, Protect.

Tips: Part should be clean and dry. If more than one coat is needed, allow to dry thoroughly between coats.

Sizes: **E.T.R. III** contains:

- 4 oz. New Car Prep
- 4 oz. ColorGard
- 4 oz. UV Gard
- 4 – Applicators
